Aries season — a.k.a. the best season — has officially begun, and despite the week's cool temperatures, spring is in the air. This week's outfits featured lots of *Bridgerton*-worthy florals along with bold color, including a stunning olive-green leather trench coat. Emma Roberts showed up to Kate Spade's open house decked out in red houndstooth, while Lily Allen sported a Kristen Stewart–inspired look (Kate Spade will be hosting letter-writing and floral-arrangement classes all weekend — again, *Bridgerton* worthy). Plus, there were fun monochrome looks, Prada heels, and more. For all the best looks, scroll below.
